1 Policy statement

- 1.1 Every pupil should feel safe and protected from any form of abuse and neglect within a whole school culture of safety, protection and equality. All staff should understand the indicators of abuse and neglect so that they can identify them and report any concerns about pupils. Appendix 2 sets out the types and possible signs of abuse. Some pupils may be in need of additional support even though they may not be at risk of harm. Heath Mount School ('the School') takes the mental and emotional wellbeing of its pupils seriously. All concerns outside Child Protection are dealt with through our pastoral system and should be raised with the pupil's form teacher in the first instance. It may be necessary for the School to complete a 'Common Assessment Framework' (CAF) form for a Child in Need in order to access local services. The School is committed to safeguarding and promoting the welfare of children and young people and requires everyone who comes into contact with children and their families to share this commitment and familiarise themselves with and comply at all times with this policy.
- 1.2 This policy is part of the School's whole school approach to promoting child safeguarding and wellbeing, which aims to ensure that the best interests of pupils is at the heart of all decisions, processes, and policies.
- 1.3 Keeping Children Safe in Education (2021) (**KCSIE**) defines safeguarding and promoting the welfare of children as protecting children from maltreatment; preventing impairment of children's mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.

2 Aims

- 2.1 The aims of this policy are as follows:
 - 2.1.1 to actively safeguard and promote the welfare of pupils, staff and others who come into contact with the School and protect them from harm;
 - 2.1.2 to actively promote the wellbeing of pupils;
 - 2.1.3 to maintain clear processes for dealing with and referring concerns about the welfare of any pupil and allegations of abuse, neglect and / or exploitation;
 - 2.1.4 to raise awareness of how to report concerns and how they will be investigated;
 - 2.1.5 to ensure staff are competent to carry out their safeguarding responsibilities and are supported in this role;
 - 2.1.6 to maintain good safeguarding practices throughout the school, including the promotion of a zero-tolerance approach to per on peer

Heath Mount School

sexual violence and harassment so that pupils are confident to report it and staff are confident to both identify and respond to it;

- (i) **HR personnel:** should read the entirety of KCSIE but focus on Parts 3 and 4 and Annex F;
- (j) **Anyone in classroom-based roles, ICT / network staff:** should read Annex D.

11.2.4 The Head and all staff members will undertake appropriate child protection training which will be updated every 3 years and following consultation with the HSCP. Current HSCP advice is for training to take place every 3 years. In addition, all staff members will receive safeguarding and child protection updates via email, e-bulletins and staff meetings on a regular basis and at least annually.

11.2.5 Staff development training will include training on online safety and harmful sexual behaviours (including peer-on-peer sexual violence and harassment) and how to manage a report of peer-on-peer sexual violence and / or sexual harassment. Staff development training also includes Prevent awareness training assessed as appropriate for them by the School. This is to equip staff to raise concerns appropriately by ensuring they have the knowledge and confidence to identify children at risk of being drawn into terrorism; are able to challenge extremist ideas and know how to refer children for further help.

11.2.6 Additionally, the School will assess the appropriate level and focus for staff training and responsiveness to specific safeguarding concerns such as radicalisation, child sexual exploitation, Female Genital Mutilation (FGM), cyber bullying, prejudice-based bullying, and discriminatory bullying, gangs and mental health and to ensure that staff have the skills, knowledge and understanding to keep looked after children safe.

Heath Mount School

11.2.7 All governors receive safeguarding training on induction and will also receive the safeguarding and child protection updates at least annually. The Safeguarding Governor and the Chair of Governors will receive appropriate training to enable them to fulfil their safeguarding responsibilities. As part of their training, the governors are expected to read Part 2 of KCSIE as a minimum. The nominated safeguarding governor is expected to read the entirety of KCSIE.

11.2.8 The School has mechanisms in place to assist staff to understand and discharge their role and responsibilities and to ensure that they have the relevant skills and knowledge to safeguard children effectively, including email updates, online training programmes, staff meetings and professional development reviews.

11.3 Designated Safeguarding Lead

11.3.1 The DSL and DDSs will undertake training to provide them with the knowledge and skills required to carry out the role. This training includes Prevent awareness, SEND and online safety training and will be updated at least every two years. In addition, their knowledge and skills will be refreshed at regular intervals, at least annually, to allow them to understand and keep up with any developments relevant to their role. For further details about the training of the DSL and DDSs, see Appendix 1.

11.3.2 Prevent duty training will be consistent with the government's Prevent training for schools. See Educate Against Hate (HM Government 2018) for further details.

11.4 Teaching pupils about safeguarding

11.4.1 The School teaches pupils about safeguarding through the curriculum and extra-curricular programme, PSHEE and RSE, assemblies. This includes including guidance on adjusting behaviour to reduce risks, particularly online, building resilience to protect themselves and their peers, fostering healthy relationships with others and providing information on who they can turn to for help.

11.4.2 The School recognises that a 'one size fits all' approach may not be appropriate for children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children may be needed.

11.4.3 Pupils are introduced to wellbeing, emotional, physical, and mental health in order to develop resilience and self-esteem in an age-appropriate manner. Resilience is particularly important in safeguarding to mitigate the risk of being drawn into extremism.

11.4.4 Parents are offered advice via the School newsletters and are invited to talks on subjects such as 'Internet Safety'.

Heath Mount School

11.4.5 Pupils are taught about harmful sexual behaviours, including sexual violence and sexual harassment, through Personal, Social, Health and Economic Education (PSHEE) appropriate to both their age and stage of development. Pupils have the opportunity to talk about safeguarding issues within the classroom environment and are made aware of the processes by which they can raise any concerns. This may be their teacher, but it may also be any adult with whom they feel comfortable.

11.4.6 The safe use of technology is a focus in all areas of the curriculum and key ICT safety messages are reinforced as part of assemblies and tutorial / pastoral activities. This includes teaching pupils about the safe use of electronic equipment and the internet, and the risk posed by adults or young people, who use the internet to bully, groom, abuse or radicalise other people, especially children, young people, and vulnerable adults. The School has appropriate filters and monitoring systems in place (see the School's Online Safety Policy) and is mindful that this should not lead to unnecessary restrictions on learning.

12 **Reporting obligations of staff in relation to safeguarding**

12.1 Staff should maintain an attitude of 'it could happen here' in relation to safeguarding. When concerned about the welfare of a pupil, staff members should always act in the best interests of the child.

12.2 All staff have a duty to:

12.2.1 report any concerns they may have about the safety and / or wellbeing of pupils;

12.2.2 report any concerns they may have about the safety and / or wellbeing of pupils or other persons associated with the School;

12.2.3 report any concerns about staff or anyone else associated with the School; and

12.2.4 follow up on any such reports about staff to ensure appropriate action has been taken.

13 **Procedures if staff are concerned about a child**

13.1 The child protection training provided to staff considers the types and signs of abuse and neglect staff must be aware of. The types of abuse and neglect and examples of specific safeguarding issues are set out in Appendix 2.

13.2 Staff should refer to the guidance in Appendix 3 in the event of receiving a disclosure from a child and for guidance about recording concerns.

13.3 If staff are ever unsure, they must always speak to the DSL or one of the DDSs if the DSL is unavailable, or directly to Children's Social Care

Heath Mount School

(whether the School's local authority or that local to the child's home) or the Police in their absence for guidance.

- 13.4 There is no statutory definition of a concern, therefore, staff should interpret 'concern' broadly. It could be that a concern relates to the view that a child would benefit from extra support, an emerging problem, or an unmet need. It may reflect a concern about a child's welfare and that a child may be deemed to be 'in need' or at 'immediate risk of harm' as defined by the Children Act 1989.
- 13.5 If a concern involves an allegation against a member of staff, this must be recorded in accordance with the procedures at appendix 5.

14 **Internal support for pupils**

- 14.1 The School has a framework which provides for the identification, assessment, management, and review of the risk to pupil welfare so that appropriate action can be taken to reduce identified risks (see: The School's Risk Assessment for Pupil Welfare Policy).
- 14.2 Form tutors provide support throughout the School during one-to-one conversations with pupils and during form time. They work with members of staff and parents to implement strategies and support plans as necessary.
- 14.3 Additional support is provided by the following pastoral staff: The Deputy Head (Pastoral); the Head of EYFS); the Head of Pre-Prep; the Heads of the Lower, Middle and Upper Schools; the Head of Wellbeing; the School Counsellor, the School medical team, the boarding house parents, and the School's Independent Listener. This pastoral team are available to provide support to pupils with any issues they may have.
- 14.4 Children are regularly reminded that they can speak to any of those listed above or any trusted adult. Help and advice lists are displayed in each part of the School identifying who children can speak to as outlined above. These lists also include the contact details for Childline and the School's Independent listener. The lists are also included in the Children's planners (Years 3-8). In the boarding Houses, the list also includes the contact details for the Office of the Children's Commissioner.
- 14.5 Specific concerns are discussed at various staff meetings so that staff are aware of how to support a pupil, whether that be in the classroom, playground, specialist lessons, lunch etc.

15 **What if the DSL is unavailable?**

- 15.1 The DSL or the DDSL should always be available during school hours or when a school activity is taking place in order to discuss safeguarding concerns and may be contacted via the number given in the Key School Contacts section of this policy at page 5.
- 15.2 Staff availability cannot be guaranteed out of school hours or when a school activity is not taking place. At such times, urgent safeguarding matters

Heath Mount School

should be referred direct to Children's Social Care with a copy to the DSL. During these times, non-urgent matters may be emailed to the DSL.

- 15.3 The School has three DDSLs to cover all areas of the School. It is therefore unlikely that a member of staff will be unable to reach either the DSL or one of the DDSLs. If such a situation does arise, staff must not delay taking action. Staff should speak to their line manager or a member of the SMT and / or advice should be sought from Children's Social Care.
- 15.4 Where a child is suffering harm, or is likely to be suffering harm, a referral to Children's Social Care should be made immediately. Staff should be aware of the process for making referrals direct to Children's Social Care and / or the police in these circumstances. See paragraph 22 for how to make a referral.
- 15.5 Any action should be shared with the DSL or DDSL(s) as soon as possible.

16 **Action by the DSL**

- 16.1 Upon receipt of a report of a concern, the DSL will consider the appropriate course of action by reference to the HSCP procedures and threshold document. This might include:
 - 16.1.1 Managing support for the pupil internally via the School's own pastoral support processes, seeking advice from Children's social Care where required;
 - 16.1.2 Undertaking an Early Help assessment (see paragraph 17), which generally requires parental consent; or
 - 16.1.3 Making a referral for statutory services (see paragraph 22).

17 **Early help**

- 17.1 The School understands that providing early help is more effective in promoting the welfare of children than reacting later. Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.
- 17.2 The School's safeguarding training includes guidance about the early help process and prepares all staff to identify children who may benefit from early help. Staff are mindful of specific safeguarding issues and those pupils who may face additional safeguarding challenges. Staff should be particularly alert to the potential need for early help for a child who:
 - 17.2.1 is disabled and has specific additional needs;
 - 17.2.2 has special education needs (whether or not they have a statutory Education, Health and Care Plan);
 - 17.2.3 is a young carer;
 - 17.2.4 has a mental health need;

Heath Mount School

- 17.2.5 is showing signs of being drawn into antisocial or criminal behaviour, including gang involvement and association with organised crime groups;
 - 17.2.6 is frequently missing / goes missing from care or home;
 - 17.2.7 is misusing drugs or alcohol themselves;
 - 17.2.8 is at risk of modern slavery, trafficking sexual or criminal exploitation;
 - 17.2.9 is in a family circumstance presenting challenges for the child such as substance abuse, adult mental health problems or domestic abuse;
 - 17.2.10 has a family member in prison or is affected by parental offending;
 - 17.2.11 is looked after or has returned home to their family from care;
 - 17.2.12 is showing early signs of abuse and/ or neglect;
 - 17.2.13 is at risk of being radicalised or exploited;
 - 17.2.14 is a privately fostered child;
 - 17.2.15 is at risk of 'honour' based abuse such as Female genital mutilation (FGM) or forced Marriage;
 - 17.2.16 is persistently absent from education, including persistently absent for part of the school day.
- 17.3 A member of staff or volunteer who considers that a pupil may benefit from early help should in the first instance discuss this with the DSL. The DSL will consider the appropriate action to take in accordance with the HSCP referral threshold document and will support staff in liaising with other agencies and setting up an inter-agency assessment as appropriate.
- 17.4 If early help is appropriate, the matter will be kept under review and consideration given to a referral to Children's Social Care if the pupil's situation does not appear to be improving.
- 17.5 The matter will be kept under review and consideration will be given to a referral to Children's social Care for assessment for statutory services if the pupil's situation appears to be getting worse or does not appear to be getting better.

18 Concerns about a pupil's welfare

- 18.1 If staff have **any concern** about a pupil's welfare, action should be taken **immediately**, including reporting to the DSL as soon as possible. See paragraph 25 and Appendix 5 for the procedures for dealing with allegations against staff, supply staff, contractors, and volunteers.

Heath Mount School

18.2 On being notified of a concern the DSL will consider the appropriate course of action in accordance with the HSCP referral threshold document. Such action may include:

18.2.1 supporting the pupil via the School's pastoral support processes, seeking advice from Children's Social Care when required;

18.2.2 an Early Help Assessment (see paragraph 17 above);

18.2.3 a referral to statutory services (see paragraph 22 below);

18.2.4 the views of the child will be taken into account when considering the appropriate course of action but will not be determinative.

18.3 If it is decided that a referral is not required, the DSL will keep the matter under review and consideration will be given to a referral to Children's Social Care if the pupil's situation does not appear to be improving.

18.4 Staff are reminded that normal referral processes must be used when there are concerns about children who may be at risk of being drawn into terrorism or in instances of allegations against children (peer-on-peer abuse).

18.5 In accordance with these procedures, if a member of staff has a concern about a child, there should be a conversation with the DSL (or DDSL where appropriate) to agree a course of action where possible. However, any member of staff can make a referral to Children's Social Care. If a referral is made by someone other than the DSL, the DSL should be informed of the referral as soon as possible.

19 **If a child is in immediate danger or at risk of harm**

19.1 If a pupil is in **immediate** danger or is at risk of harm, a referral should be made to Children's Services; Safeguarding and Specialist Services (see page 6 for contact details) and / or the police immediately.

19.2 Anybody can make a referral in these circumstances. See paragraph 18 above for details on making a referral.

19.3 If a referral is made by someone other than the DSL, the DSL should be informed of the referral as soon as possible.

20 **Contextual safeguarding**

20.1 Safeguarding incidents and / or behaviour which raises concern, can be associated with factors outside of school and / or can occur between children outside of school.

20.2 All staff, including the DSL, should consider the context within which such incidents and / or behaviours occur, including whether there are any issues present in a child's life that may be a threat to their safety and / or welfare.

Heath Mount School

- 20.3 Children's Social Care should be provided with all such information to enable any assessment process to take into account all available evidence and the context of any abuse.
- 20.4 All staff, but particularly the DSL (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harm can take a variety of forms. Children can be vulnerable to harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.

21 Female Genital Mutilation (FGM)

- 21.1 Teachers must report to the police known cases of FGM in under 18s. See Appendix 2 for further information about FGM and this reporting duty. All other staff should refer FGM concerns to the DSL.

22 Making a referral

- 22.1 **If a child is suffering, or is likely to suffer harm, a referral to Children's social care and / or the police immediately. The contact details for Children's Social Care are set out at page 5 of this policy.**
- 22.2 Harm is the *'ill treatment or impairment of the health or development of a child.'* Seeing or hearing the ill-treatment of another person is also a form of harm. It can be determined *'significant'* by *'comparing a child's health and development with what might reasonably be expected of a similar child.'*
- 22.3 Anyone can contact Children's Social Care to discuss concerns prior to making a referral. This includes professionals as well as a child, family members and members of the public. Parental consent is not required for referrals to statutory agencies.
- 22.4 Staff will need to have access to certain information about the child and the nature of the safeguarding concern in order to make a referral. This will include:
 - 22.4.1 personal details of the child;
 - 22.4.2 detailed information regarding the concern;
 - 22.4.3 family information, about the child's family, including the capacity of the child's parents or carers to meet the child's developmental needs and any external factors which may impact the child's parents' or carers' capacity to parent.
 - 22.4.4 Children's social care may undertake a statutory assessment under the Children Act 1989 regarding the needs of the child. It is likely that the person making the referral will be asked to contribute to this process. Statutory assessments include:
 - (a) Children in Need: this is a child who is unlikely to achieve or maintain a reasonable level of health or development, or

Heath Mount School

whose health and development is likely to be significantly further impaired without the provision of services; or a child who is disabled. Children in need may be assessed under section 17 of the Children Act 1989.

- (b) Children suffering or likely to suffer significant harm: Local authorities have a duty under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering or is likely to suffer, significant harm.

- 22.5 If the referral is made by telephone, this should be followed up in writing. All reports of concern should be recorded and reported via MyConcern. The record of concern should be completed in as much detail as possible, using the child's own words.
- 22.6 If the referral is made by someone other than the DSL, the DSL should be informed of the referral as soon as possible.
- 22.7 Confirmation of the referral and details of the decision as to what course of action will be taken should be received from the local authority within one working day. If this is not received, the DSL (or the person that made the referral) should contact Children's Social Care again. The flowchart at page 23 of KCSIE 2021 and the flowcharts set out at Chapter 1 of WTSC are helpful to illustrate the likely actions and decisions required.
- 22.8 If after a referral the pupil's situation does not appear to be improving, the DSL (or the person that made the referral) should press for reconsideration to ensure their concerns are addressed and that the pupil's situation improves. The DSL may call the CPSLO Consultation Service for further advice (see page 6 for contact details).
- 22.9 Where relevant, the School will co-operate with the Channel panel and the police in providing any relevant information so that each can effectively carry out its functions to determine whether an individual is vulnerable to being drawn into terrorism. The School will respond to requests for information from the police promptly and in any event within five to ten working days.

23 **Allegations against pupils – peer on peer / child on child abuse**

- 23.1 Allegations against pupils should be reported according to the procedures in this policy. Further information on peer-on-peer abuse can be found at Appendix 4.
- 23.2 If harmful sexual behaviour is alleged to have occurred, the DSL will have regard to Part 5 of KCSIE and the non-statutory guidance Sexual Violence and sexual Harassment between children in schools (DfE 2021), considering the local response of the police and Children's Social Care to these issues. The views of the alleged victim will be taken into account but will not be determinative.

Heath Mount School

23.3 All those involved in such allegations, both victim and perpetrator, will be treated as being at risk and in need of support under the safeguarding procedures in this policy. Appropriate support will be provided to all pupils involved, including support from external agencies if necessary.

24 **What to do if staff have a concern about someone else's welfare**

24.1 If staff have concerns about the welfare of others or any other safeguarding issue not expressly covered by this policy, they should report them.

24.2 In the absence of an express procedure about reporting, they should report such concerns to their line manager or the DSL in the first instance.

25 **Dealing with allegations made and / or concerns raised about staff and others in the School**

25.1 The School has procedures for dealing with allegations made and / or concerns raised against staff or anyone working in the School, including supply staff, volunteers, and contractors.

25.2 The procedures in this policy apply to staff who pose a risk of harm to children or may behave in a way that indicates that they may be unsuitable to work with children. They also apply to low level concerns that do not meet the harm threshold. The procedures aim to strike a balance between the need to protect children from abuse and the need to protect staff and volunteers from false or unfounded allegations. These procedures are set out in Appendix 5 and follow Parts 1 and 4 of KCSIE.

25.3 The School will follow its employment procedures for dealing with any other concern raised about staff, involving external agencies as appropriate.

25.4 The local authority has a designated team of officers, involved in the management and oversight of allegations against people that work with children (DO's). The DO's will be informed immediately and in any event within one working day of all such allegations that come to the School's attention and appear to meet the criteria set out in Appendix 5.

25.5 Detailed guidance is given to staff, Governors, and volunteers on the expectations of the School with regard to contact with pupils, parents, colleagues, and any other person who comes into contact with the School. This is to ensure that the behaviour and actions of staff do not place pupils or themselves at risk of harm or of allegations of harm to a pupil. This guidance is contained in the Staff Handbook: staff code of conduct, which is available in the policies folder located in the Staff drive. It is also available in the staff rooms and is given to new staff during induction. It includes details of additional safeguarding arrangements where staff engage in one-to-one teaching and meetings with pupils.

25.6 Staff and volunteers should also feel able to follow the School's separate whistleblowing policy to raise concerns about poor or unsafe safeguarding practices at the School or potential failures by the School or its staff to properly safeguard the welfare of pupils and those concerns will be taken

Heath Mount School

seriously. The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns about child protection failures internally (see page 7 of this policy for the relevant contact details).

- 25.7 Staff may also report concerns direct to the School's Local Authority or to the Charity Commission if they consider that the School has failed to deal with concerns appropriately.

26 **Missing Child Procedures**

- 26.1 All staff are informed of and requested to familiarise themselves with the procedure to be used for searching for and if necessary, reporting, a pupil missing from School. The procedure includes the requirement to record any incident, the action taken, and the reason given by the pupil for being missing. Please see the School's Missing Pupil Policy for further details.

27 **Informing parents**

- 27.1 Parents will normally be kept informed as appropriate of any action to be taken under these procedures. However, there may be circumstances when the DSL will need to consult the Head, the DO(s), Children's Services and / or the police before discussing details with parents. The School will manage the pupil(s) expectations about information sharing. The School will also keep them, and their parents informed of developments where it is safe to do so. In all cases, the DSL will be guided by the HSCP referral threshold document.
- 27.2 In relation to Channel referrals, the DSL will consider seeking the consent of the pupil (or their parent / guardian) when determining what information can be shared. Whether or not consent is sought will be dependent on the circumstances of the case but may relate to issues such as the health of the individual, law enforcement or protection of the public.
- 27.3 See also paragraph 4 of Appendix 5 for details about the disclosure of information where an allegation has been made against a member of staff, volunteer, or the Head.

28 **Additional Reporting**

- 28.1 In addition to the reporting requirements explained above, the School will consider whether it is required to report safeguarding incidents to other regulatory bodies or organisations, including but not limited to:

28.1.1 **Health and Safety Executive**

- (a) The School is legally required under RIDDOR to report all serious incidents to the Health and Safety Executive. Please see the school's health and safety policy and procedures.

Heath Mount School

28.1.2 Charity Commission

- (a) The School is a registered charity and is required to report all serious incidents to the Charity Commission in accordance with the guidance 'how to report a serious incident in your charity (Charity Commission, June 2019). Serious incidents that will be reported to the Charity Commission include suspicions, allegations or incidents of abuse involving pupils. This is likely to involve the following:
 - (i) Pupils who have been, or are alleged to have been, abused or mistreated while under the care of the School or by someone connected with the School, for example, a Governor, staff member or volunteer;
 - (ii) There has been an incident involving the abuse or mistreatment (alleged or actual) of someone and this is connected with the activities of the School;
 - (iii) There has been a breach of the School's procedures or policies which has put pupils at risk, including failure to carry out checks which would have identified that a person is disqualified in law, under safeguarding legislation, from working with children.
- (b) The School will notify the Charity Commission of other agencies to which the incident has been reported in accordance with this policy.

28.1.3 Disclosure and Barring Service (DBS)

- (a) A referral to the DBS will be made promptly if the criteria are met (see Appendix 4).

28.1.4 Teaching Regulation Agency

- (a) The School will consider whether a referral to the TRA should be made where a teacher has been dismissed, or would have been dismissed, if he / she had not resigned (see Appendix 4).

28.1.5 Insurers

- (a) The School will consider whether it is necessary to report a safeguarding incident to the relevant insurers and / or brokers and, if so, the timescale required by the relevant policies. It may be necessary to report to a number of insurers as there may be concurrent cover under existing and historic policies.
- (b) In any event, care should be taken to ensure this is done before renewal so that the School complies with its duties under the Insurance Act 2015. If the School is in any doubt

Heath Mount School

with regard to the correct insurer and / policy and / or if it is unable to locate the relevant insurer and / or the extent of the report required, professional advice will be sought.

29 **Secure School Premises**

- 29.1 The School will take all practical steps to ensure that School premises are as secure as circumstances permit. This includes measures such as the use of a secure entry system, visible staff and visitor lanyards and security guard-controlled access to the School.
- 29.2 Visitors during normal hours are required to sign in at Reception (in the appropriate building) where they are issued with a visitor's badge which should be worn at all times whilst they are on school property. Visitors may be required to produce photo ID. Further details can be found in the Guidance on Security, Access, Control, Workplace Safety and Lone Working Policy and the Visiting Speaker's Policy, (available on request).

30 **Risky Areas**

- 30.1 All children are supervised when playing in the grounds, albeit this can be close or at a distance depending on the age of the pupils. There is a rota of staff to supervise outdoor play and there are areas of school buildings and grounds where children are either: not permitted unsupervised access or not permitted access to unlit areas during the hours of darkness. For further information about risky areas for pupils, including boarders, please refer to the Pupil Access to Risky Areas Policy.

31 **Boarding**

- 31.1 Children in residential settings can be more vulnerable to abuse and boarding staff should be alert to this and the potential for peer abuse. Our Boarding Houses have regard to the National Minimum Standards for Boarding Schools which include:
- 31.1.1 Briefing for senior pupils about what action to take should they receive an allegation of abuse or have a concern about any fellow boarder or member of staff;
- 31.1.2 A child protection briefing for prefects at their first meeting outlining the adults within and outside of school to whom they can turn, including details of how to contact the Independent Listener;
- 31.1.3 The Missing Pupil Policy and the procedures to be used when searching for a missing boarder;
- 31.1.4 The steps used to report concerns or allegations to the local authority team, or OFSTED via the whistle blowers' Hotline on 0300 123 3155 or via email at whistleblowing@ofsted.gov.uk
- 31.2 If an allegation of abuse is made against a member of boarding staff, the Head, DSL, and the DO(s) will follow the steps outlined in Appendix 5 of this

Heath Mount School

Policy. Arrangements may be made for accommodation away from children until the investigation is complete and the results have been disclosed.

32 Safer Recruitment and Supervision of Staff

- 32.1 The School is committed to safer recruitment processes, including checking the suitability of staff employed by other organisations if they supervise the School's pupils on a site other than a school (see the School's Educational Visits Policy). Some staff are trained in safer recruitment and at least one will be on each interview panel. Full details of the School's safer recruitment procedures for checking the suitability of staff are set out in the School's Recruitment, Selection and Disclosure Policy and Procedures.
- 32.2 The School maintains a Single Central Register of appointments for all staff.
- 32.3 Staff connected to the School's early years and later years provision are under an ongoing duty to inform the School if their circumstances change, meaning they would meet any of the criteria for disqualification under the Childcare Act 2006. Staff should refer to the School's Recruitment, Selection and Disclosure Policy and Procedures for further information regarding this duty as well as their contract of employment in respect of their ongoing duty to update the School.
- 32.4 The School's protocols for ensuring that all visiting speakers are checked as suitable (whether invited by staff or pupils) and supervised is set out in the School's Visitors and Visiting Speakers Policy.

33 Use of mobile phones and cameras

- 33.1 The School's policy on the use of mobile phones and cameras in the School, including the EYFS setting, is as follows:
 - 33.1.1 the School's safe and acceptable use of ICT for pupil's policy sets out the expectations on all pupils. In the EYFS setting, pupils are not permitted to bring mobile phones or any mobile device with a camera facility onto the premises;
 - 33.1.2 staff and volunteers should use mobile phones and cameras in accordance with the guidance set out in the staff code of conduct (staff acceptable use of ICT policy). Only school devices may be used to take photographs of pupils. Staff personal mobile phones should only be used in an emergency around pupils;
 - 33.1.3 parents and family members may bring mobile phones onto the premises but may only take photographs during events such as plays, concerts or sporting events for personal use. Parents should be reminded that the publication of such images (including on personal social networking sites even where access to the image may be limited) may be unlawful.
 - 33.1.4 Visitors, including contractors, may bring mobile phones onto the premises but may not take photographs or videos under any

Heath Mount School

circumstances. The only exception is where a commercial third party is permitted to take photos or videos of pupils with the consent of a senior member of staff and with appropriate supervision.

34 Risk assessment

- 34.1 Where a concern about a pupil's welfare is identified, the risks to that pupil's welfare will be assessed and appropriate action will be taken to reduce the risk identified (see also, Risk Assessment for Pupil Welfare Policy).
- 34.2 The format of the risk assessment may include the use of pupil welfare plans (for example, behaviour or healthcare and education plans). Regardless of the format used, the School's approach to promoting pupil welfare will be systematic and pupil focused.
- 34.3 The Head has overall responsibility for ensuring that matters which affect pupil welfare are adequately risk assessed and for ensuring that the relevant findings are implemented, monitored, and evaluated.
- 34.4 Day to day responsibility for ensuring that risk assessments are carried out is with the DSL who has been properly trained in and tasked with carrying out such risk assessments.

35 Record keeping

- 35.1 All records created in accordance with this policy are managed in accordance with the School's policies that apply to the retention and destruction of records.
- 35.2 Staff must record all concerns about a child welfare on MyConcern which Guidance on record keeping is set out in Appendix 3.
- 35.3 All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. Information should be kept confidential and stored securely. Concerns and referrals will be kept in a separate child protection file for each child. These should include:
 - 35.3.1 a clear and comprehensive summary of the concern;
 - 35.3.2 details of how the concern was followed up and resolved;
 - 35.3.3 a note of any action taken, decisions reached and the outcome.
- 35.4 The DSL will open a child protection file following a report to him / her of a child protection concern about a pupil. The DSL will record all discussions with both colleagues and external agencies, decisions made and the reasons for them and detail of the action taken.
- 35.5 The records created in accordance with this policy many contain personal data. The School has a Privacy Notice available via the School website which explains use of personal data for the benefit of pupils and parents. In addition, staff must ensure that they follow the School's data protection policies and procedures when handling personal data created in connection

Heath Mount School

with this policy. This includes the School's Data Protection and Information Security Policies.

36 **Information sharing and multi-agency work**

- 36.1 The School will treat all safeguarding information with an appropriate level of confidentiality, allowing disclosure only to those who need the information in order to safeguard and promote the welfare of children. When a child leaves the School, their Child Protection File (if one exists) is transferred securely to the new school.
- 36.2 The School understands that information sharing is essential for effective safeguarding and promoting the welfare of children and young people, including their educational outcomes. Fears about sharing information will not stand in the way of the need to promote the welfare and safety of others, which is always the primary concern of the School. The School understands that the GDPR and Data Protection Act 2018 provide a framework to ensure that personal information is shared appropriately.
- 36.3 When the School receives a request for safeguarding information (for example, a subject access request or a request from the police) the School will consider its response to ensure that any disclosure accords with its obligations under the UK GDPR and Data Protection Act 2018. The School will also have regard to its data protection policies. The DSL will work closely with the Bursar, Compliance Manager and Network Manager to determine what should be disclosed.
- 36.4 The School will co-operate with police and children's social care to ensure that all relevant information is shared for the purposes of child protection investigations under the Children Act 1989.
- 36.5 Where allegations have been made against staff, the School will consult with the Designated Officer DO and, where appropriate, the police and Children's Social Care to agree the information that should be disclosed and to whom.
- 36.6 The School will share information where it is appropriate to do so. However, they may be unable to do so, for example, because it would pose a risk of harm to others or because it has been prohibited by external agencies.

37 **Monitoring and review**

- 37.1 The DSL will ensure that the procedures set out in this Policy and the implementation of these procedures are updated and reviewed regularly, working with the Governors as necessary and seeking contributions from staff. The DSL will update the SMT regularly on the operation of the School's safeguarding arrangements.
- 37.2 Any safeguarding incidents at the School will be followed by a review of these procedures by the DSL and a report made to the Governing Body. Where an incident involves a member of staff, the DO(s) will be asked to assist in this review to determine whether any improvements can be made

Heath Mount School

to the School's procedures. Any deficiencies or weaknesses with regard to child protection arrangements at any time will be remedied without delay.

37.3 The full Governing Body will undertake an annual review of this Policy and the School's safeguarding procedures, including an update and review of the effectiveness of procedures and their implementation and the effectiveness of inter-agency working. The DSL will work with the Nominated Safeguarding Governor, preparing a written report commissioned by the full Governing Body. The written report should address how the School ensures that this Policy is kept up to date; staff training on safeguarding; referral information; issues and themes which may have emerged in the School and how these have been handled; and the contribution the School is making to multi-agency working in individual cases or local discussions on safeguarding matters.

37.4 The full Governing Body should also consider independent corroboration, such as:

37.4.1 inspection of records or feedback from external agencies including the DO(s);

37.4.2 reports of ISI inspections;

37.4.3 the outcome of any complaints, claims or related proceedings; and

37.4.4 press reports.

37.4.5 The full Governing Body will review the report, this Policy and the implementation of its procedures and consider the proposed amendments to the Policy before giving the revised Policy its final approval. Detailed minutes recording the review by the Governing Body will be made.

Approved by Governors subject to ratification by the Full Board of Governors

Appendix 1 Designated Safeguarding Lead (DSL)

- 1 The DSL is the first point of contact for parents, pupils, teaching staff, support staff, volunteers, external agencies, and any other parties in all matters of child protection (except in the case of allegations against staff, volunteers, or Governors, where the procedures in Appendix 4 should be followed). The DSL provides support, advice and expertise on all matters concerning safeguarding and child protection (including online safety)
- 2 The contact details for the DSL and DDSLs for the School are set out at page 4.
- 3 **In accordance with Annex C of KCSIE, the main responsibilities of the DSL are:**
 - 3.1 **Managing referrals**
 - 3.1.1 The DSL is expected to:
 - (a) refer cases of suspected abuse and neglect to the local authority Children's Social Care as required;
 - (b) support staff who make referrals to the local authority Children's Social Care;
 - (c) refer cases to the Channel programme where there is a radicalisation concern as required;
 - (d) support staff who make referrals to the Channel programme;
 - (e) refer cases where a person is dismissed or has left due to risk / harm to a child to the DBS as required; and
 - (f) refer cases where a crime may have been committed to the Police as required. **NSPCC – When to call the police** should help the DSL to understand when to consider calling the police and what to expect when working with the police.

 - 3.2.5 Liaise with staff, in particular, teachers, pastoral support staff , the medical team, the Head of IT and the Head of Learning Support, on matters of safety and safeguarding (including where safeguarding concerns are linked to mental health and including online and digital safety) when deciding whether to make a referral by liaising with relevant agencies so that children's needs are considered holistically.

Heath Mount School

3.2.6 Liaise with the School counsellor, Head of Wellbeing and medical team where safeguarding concerns are linked to mental health.

3.3 **Raise awareness and provide support**

3.3.1 Promote supportive engagement with parents and / or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances;

3.3.2 Ensure that staff are supported during the referral process.

3.3.3 Work with Head and relevant Heads of Sections of the School, taking lead responsibility for promoting educational outcomes by sharing information about welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact these issues might be having on children's attendance, engagement, and achievement at School. This includes:

- (a) ensuring that staff know if a child has or has had a social worker, understanding the child's academic progress and attainment and maintain a culture of high aspirations for such children and;
- (b) support teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on the educational outcomes of those children.

3.3.4 The DSL should ensure each member of staff has access to, and understands this Policy and procedures, especially new and part-time staff.

3.3.5 Ensure this Policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with the Governing Body regarding this.

3.3.6 Ensure this Policy is available publicly and parents are aware that referrals about suspected abuse or neglect may be made to Children's Social Care and the School's role in this.

3.3.7 Maintain links with the HSCP to ensure staff are aware of training opportunities and the latest local policies on local safeguarding arrangements.

3.4 **Child protection file**

3.4.1 The DSL is responsible for ensuring that child protection files are kept up to date, confidential and stored securely.

Heath Mount School

- 3.4.2 Where children leave the School, ensure their child protection file is copied for any new school or college as soon as possible. This will be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt will be obtained.
- 3.4.3 Additionally, the DSL will consider if it is appropriate to share any information with the new school in advance of a child leaving.
- 3.4.4 Upon receipt of a child protection file, the DSL will ensure that key staff are aware as necessary, including the Head of Learning Support.
- 3.4.5 Child protection files will otherwise be retained and disposed of in accordance with the School's policies on data protection and the retention of records.

3.5 Prevent

- 3.5.1 In accordance with the Prevent Duty Guidance for England and Wales (2021) and Channel duty guidance: protecting vulnerable people from being drawn into terrorism (2021) the DSL has, in addition, the following responsibilities:
 - (a) acting as the first point of contact for parents, pupils, teaching and non-teaching staff and external agencies in all matters relating to the Prevent duty;
 - (b) co-ordinating Prevent duty procedures in the School;

 - (f) monitoring the keeping, confidentiality and storage of records in relation to the Prevent duty.

3.6 Training:

- 3.6.1 The DSL and the DDSL(s) have undertaken training to provide them with the knowledge and skills required to carry out the role. This

Heath Mount School

training includes Prevent awareness, SEND and online safety training and will be updated at least every two years. Training should provide DSLs with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly children social care so they:

- (a) understand the assessment process for providing early help and statutory intervention, including local authority children's social care referral arrangements;
- (b) have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- (c) understand the importance of the role of DSL in providing information and support to children's social care in order to safeguard and promote the welfare of children;
- (d) understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes.
- (e) are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers;
- (f) understand the relevant data protection requirements, in particular, the Data Protection Act 2018 and the GDPR;
- (g) understands the importance of information sharing, both within the School, and with the safeguarding partnerships, other agencies, other agencies, organisations, and professionals where necessary.
- (h) are able to keep detailed, accurate, secure written records of concerns and referrals;
- (i) understand and support the School with regard to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- (j) obtain access to resources and attend any relevant or refresher training courses;

Heath Mount School

capability required to assist with keeping children safe whilst online at school.

- (l) recognise the additional risks children with SEN and disabilities (SEND) face online, e.g.: from online bullying, grooming and radicalisation and are confident they are able to support SEND children to stay safe online.
- (m) encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the School may put in place to protect them.
- (n) are able to take lead responsibility for pupils who are looked after children.

3.7 **Looked after children**

3.7.1 The DSL will take responsibility for pupils who are looked after.

3.7.2 The DDSL(s) will carry out this role where the DSL is unavailable.

3.8 **Pupils who have a social worker**

3.8.1 Be aware of pupils who have a social worker.

3.9 **Understanding the views of children**

3.9.1 It is important that children feel heard and understood. Therefore, the DSL and DDSLs will be supported in developing their knowledge and skills to:

- (a) Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the School puts in place to protect them;
- (b) Understand the difficulties children may have in approaching staff about their circumstances and consider how to build trusted relationships which facilitate communication.

3.10 **Holding and sharing information**

3.10.1 Recording, holding, using, and sharing information effectively is set out in Parts 1,2 and 5 of KCSIE 2021. The DSL will be equipped to:

- (a) Understand the importance of sharing information within the School and with other schools on transfer, including in-year

Heath Mount School

transfers, and with the safeguarding partners, other agencies, and practitioners;

- (b) Understand the relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the GDPR;
- (c) Be able to keep detailed, accurate, secure written records of concerns and referrals and understand the purpose of this record keeping.

Heath Mount School

Appendix 2 Types and signs of abuse and specific safeguarding issues

1 Types of abuse

- 1.1 Part one of KCSIE 2021 defines the following types of abuse. However, staff should be aware that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label and in most cases, multiple issues will overlap with one another. Staff should always be vigilant and raise any concerns with the DSL / DDSLs.
- 1.2 **Abuse:** is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or another child or children. They may be abused by an adult or adults or another child or children.
- 1.3 All staff should be aware that technology is a significant component in many safeguarding and wellbeing issues. Children can abuse their peers online. This can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.
- 1.4 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- 1.5 **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying and prejudice based or discriminatory bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
- 1.6 **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may

Heath Mount School

involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as peer-on-peer abuse) in education and all staff should be aware of it. The School's procedures can be found at paragraph 23 and Appendix 4.

- 1.7 **Neglect:** the persistent failure to meet a child's basic physical and / or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

2 **Signs of abuse**

- 2.1 Possible signs of abuse include, but are not limited to:
- 2.1.1 the pupil says he / she has been abused or asks a question or makes a comment which gives rise to that inference;
 - 2.1.2 there is no reasonable or consistent explanation for a pupil's injury, the injury is unusual in kind or location or there have been a number of injuries and there is a pattern to the injuries;
 - 2.1.3 the pupil's behaviour stands out from the group as either being extreme model behaviour or extremely challenging behaviour, or there is a sudden or significant change in the pupil's behaviour;
 - 2.1.4 the pupil asks to drop subjects with a particular teacher and seems reluctant to discuss the reasons;
 - 2.1.5 the pupil's development is delayed; the pupil loses or gains weight or there is deterioration in the pupil's general wellbeing;
 - 2.1.6 the pupil appears neglected, e.g., dirty, hungry, inadequately clothed;
 - 2.1.7 the pupil is reluctant to go home, or has been openly rejected by his / her parents or carers; and

Heath Mount School

2.1.8 inappropriate behaviour displayed by other members of staff or any other person working with children, for example inappropriate sexual comments; excessive one to one attention beyond the requirements of their usual role or responsibilities; or inappropriate sharing of images.

2.1.9 The HSCP can provide advice on the signs of abuse and the DfE advice [What to do if you're worried a child is being abused](#) (2015) provides advice in identifying child abuse. The [NSPCC website](#) is also a good source of information and advice.

3 Specific safeguarding issues

3.1 Statutory guidance acknowledges the following as specific safeguarding issues:

3.1.1 bullying including cyber bullying; Peer-on-peer / child-on-child abuse (see paragraph 3.8 below);

3.1.2 children missing education (see paragraph 3.3 below);

3.1.3 children and the court system;

3.1.4 Child abduction and community safety issues;

3.1.4 children with family members in prison;

3.1.5 children missing from home or care;

3.1.6 child criminal exploitation and child sexual exploitation (see paragraph 3.4 below);

3.1.7 county lines or other gang activities;

3.1.8 cybercrime;

3.1.9 domestic abuse;

3.1.10 homelessness;

3.1.11 so called 'honour based' abuse including Female Genital Mutilation (FGM) and forced marriage (see 3.6, below);

3.1.11 drugs;

3.1.12 health and wellbeing, including fabricated or induced illness;

3.1.16 mental health (see paragraph 3.7 below);

3.1.18 upskirting;

Heath Mount School

- 3.1.19 sexual violence and sexual harassment between children in schools and colleges (see paragraph 17 above).
- 3.1.20 preventing radicalisation (see section 3.10 below);
- 3.1.21 modern slavery and the national referral mechanism;
- 3.2 Further advice and links to guidance on these specific safeguarding issues can be found in Annex B of KCSIE 2021. Staff should be particularly aware of the safeguarding issues set out below.
- 3.3 **Children missing education policy**
 - 3.3.1 A child going missing from School or education, is a potential indicator of a range of possible safeguarding issues. Staff must follow the School's procedures for dealing with children who go missing, particularly on repeat occasions. School attendance registers are carefully monitored to identify any trends. Staff should act to identify any underlying safeguarding risk in accordance with this Policy.
 - 3.3.2 Where reasonably possible, the School holds more than one emergency contact for each pupil in order to ascertain whether a child is missing.
 - 3.3.3 The School shall inform the local authority of any pupil who is going to be added to or deleted from the School's admission register at non-standard transition points in accordance with the requirements of the Education (Pupil Registration) (England) Regulations 2006 (as amended).
 - 3.3.4 This will assist the local authority to:
 - (a) fulfil its duty to identify children of compulsory school age who are missing from education; and
 - (b) follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect, or radicalisation.
 - 3.3.5 The School shall inform the local authority of any pupil who:
 - (a) fails to attend School regularly; or
 - (b) has been absent without the School's permission for a continuous period of ten school days or more, at such intervals as are agreed between the School and the local authority (or in default of such agreement, at intervals determined by the Secretary of State).
 - 3.3.6 School attendance registers are carefully monitored to identify any trends. Action should be taken in accordance with this Policy if any

Heath Mount School

absence of a pupil from the School gives rise to a concern about his / her welfare.

3.4 Elective Home Education (EHE)

3.4.1 Where a parent expresses their intention to remove a pupil from school with a view to home educating at home, the School will work with the local authority and other key professionals to coordinate a meeting with parents where possible, ideally before a final decision has been made. This is to ensure parents have considered what is in the best interests of their child. This will be particularly important where a child has SEND, is vulnerable and / or has a social worker.

3.5 Child sexual exploitation (CSE) and child criminal exploitation (CCE)

3.5.1 Both CSE and CCE are forms of abuse. It occurs where an individual or a group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal or sexual activity:

- (a) In exchange for something the victim needs or wants (e.g.: money, gifts, or affection) and / or:
- (b) For the financial advantage or increased power, status of the perpetrator or facilitator;
- (c) Through violence or threat of violence to victims (or their families),

3.5.2 Children can be exploited by adult males or females, as individuals or in groups. They may be exploited by other children who themselves may be experiencing exploitation – where this is the case, it is important that the child perpetrator is also recognised as a victim.

3.5.3 CSE and CCE can affect children of any sex and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

3.5.4 The victim may have been exploited even if the activity appears to be consensual.

3.5.5 In line with the advice from the HSCP, if the School has a specific concern about child sexual exploitation, they will contact Hertfordshire Children's Social Care department and also 'Operation Halo', telephone number 101.

3.5.6 Some of the following can be indicators of both CSE and CCE, including children who:

- a. go missing or regularly returning home late;

Heath Mount School

- b. suffer from changes in emotional wellbeing;
- c. regularly missing school or opting out of education;
- d. suffer from sexually transmitted diseases or become pregnant;
- e. demonstrate changes in emotional wellbeing;
- f. misuse drugs and alcohol;
- g. appear with unexplained gifts, money or new possessions;
- h. associate with other young people involved in exploitation;

3.5.7 Children who have been exploited will need additional support to maintain them in education.

3.5.8 CSE can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and / or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.

3.5.9 Some additional specific indicators that may be present in CSE are children who:

- (a) have older boyfriends or girlfriends;
- (b) suffer from sexually transmitted diseases or become pregnant.

3.5.10 **Reporting CSE:** in addition to the usual child protection concerns reporting, an extra form should be completed in cases of CSE in non-urgent cases. This is sent to the 'Halo' team at Hertfordshire Police on: hqsafeguarding@herts.pnn.police.uk

3.6 County lines

3.6.1 County Lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs within the UK using dedicated mobile phone lines or other forms of 'deal lines'. Children and vulnerable adults are used to move, store, and sell drugs and money and they will often use coercion, intimidation, violence (including sexual violence) and weapons.

Heath Mount School

3.6.2 Children are targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county line gangs can manufacture drug debts which need to be worked off and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

3.6.3 A number of the indicators for CSE and CCE as detailed above (and in Annex B of KCSIE 2021) may also be applicable to children involved in county lines.

3.6.4 Additional reporting duties:

- (a) If a child is suspected to be at risk of, or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services / third sector providers who offer support to victims of county lines exploitation;
- (b) If trafficking is suspected, a referral to the National Referral Mechanism should be considered.

3.7 Serious violence

3.6.1 All staff should be aware of indicators, which may signal that children are at risk from, or involved in violent crime. These may include:

- (a) Increased absence from school;
- (b) Significant decline in performance;
- (c) Signs of self-harm or a significant change in wellbeing;
- (d) Signs of assault or unexplained injuries;
- (e) Unexplained gifts or new possessions.

3.8 All staff should be aware of the associated risks and understand the measures in place to manage these. Advice for schools and colleges can be found in the Home Office's: Preventing youth violence and gang involvement and its criminal exploitation of children and vulnerable adults: county lines guidance.

3.9 Honour-based abuse (HBA)

3.9.1 So-called 'honour-based' abuse encompasses crimes committed to protect or defend the honour of the family and / or community, including Female Genital Mutilation (FGM), forced marriage and practices such as breast ironing. All forms of so called HBA are abuse

Heath Mount School

(regardless of motivation) and should be handled and escalated as such. Staff should speak to the DSL if they have any doubts.

3.9.2 Female Genital Mutilation (FGM)

- (a) FGM is a form of honour-based violence. It comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
- (b) There is a range of potential indicators that a child or young person may be at risk of FGM. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 38-41 of the [Multi-agency statutory guidance on FGM 2020](#) (pages 59-61 focus on the role of schools).
- (c) All staff must be aware of the requirement for teachers to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. The report should be made by calling 101, the single non-emergency number. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve Children's Social Care as appropriate.
- (d) If the teacher is unsure whether this reporting duty applies, they must refer the matter to the DSL in accordance with this Policy. See the Home Office guidance [Mandatory reporting of female genital mutilation - procedural information](#) 2020 for further details about the duty.
- (e) Guidance published by the [Department for Health](#) provides useful information and support for health professionals which will be taken into account by the School's medical staff. The National FGM Centre has also produced FGM guidance to help schools understand their role in safeguarding girls, engaging parents, and teaching about FGM.

3.9.3 Forced marriage

- (a) Forced marriage is also a form of honour-based violence. Forcing a person into marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form or coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage.

Heath Mount School

- (b) Guidance on the warning signs that forced marriage may be about to take place, or may have already taken place, can be found on pages 13-14 of the [Multi-agency guidelines: handling case of forced marriage 2014](#).
- (c) Staff should speak to the DSL if they have any concerns. Pages 32-36 of the [Multi-agency guidelines: handling case of forced marriage](#) focus on the role of schools in detecting and reporting forced marriage and the Forced Marriage Unit can be contacted on 020 7008 0151 or the Forced Marriage Unit can be contacted on 020 7008 0151 or fmf@fco.gov.uk for advice and information.

3.10 Radicalisation and the Prevent duty

3.10.1 The School has a legal duty to have due regard to the need to prevent people from being drawn into terrorism.

3.10.2 The School aims to build pupils' resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views. Being drawn into terrorism includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. The School is committed to providing a safe space in which children, young people and staff can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments.

3.10.3 The School has adopted the Government's definitions for the purposes of compliance with the Prevent duty:

Extremism: "vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas."

Radicalisation: "the process by which a person comes to support terrorism and forms of extremist ideologies associated with terrorist groups."

3.10.4 There is no single way of identifying an individual who is likely to be susceptible to a terrorist ideology. As with managing other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Children at risk of radicalisation may display different signs or seek to hide their views. School staff should use their professional judgement in identifying children who might be at risk of radicalisation and act proportionately. In particular, outward

Heath Mount School

expressions of faith, in the absence of any other indicator of vulnerability, will not be regarded as a reason to make a referral to Channel.

3.10.5 The DfE and Home Office's briefing note: The use of social media for online radicalisation (2015) includes information on how social media is used to radicalise young people and guidance on protecting pupils at risk.

3.10.6 Protecting children from the risk of radicalisation is part of the School's wider safeguarding duties and is similar in nature to protecting children from other harms (e.g., drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences.

3.10.7 The DfE's briefing note [The use of social media for on-line radicalisation](#) (2015) includes information on how social media is used to radicalise young people and guidance on protecting pupils at risk.

3.10.8 Advice and support about extremism (including the Channel Programme) is available from Hertfordshire Police (details at page 6 of this policy: key external contacts).

3.11 Allegations against pupils - peer on peer abuse

3.11.1 All staff should be aware that children can abuse other children (often referred to as peer-on-peer abuse) and that it can happen both inside and outside of school or online. The conduct of pupils towards each other will, in most instances, be covered by the School's behaviour and discipline policies. However, some behaviour by a pupil towards another may be of such a nature that safeguarding concerns are raised. The School's policy and procedures on peer-on-peer abuse can be found in Appendix 3.

3.12 Online Safety

3.12.1 All staff should be aware that technology plays a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face-to-face. In many cases abuse will take place concurrently via online channels and in daily life.

3.12.2 The school understands that it is essential that children are protected from potentially harmful and inappropriate online materials. An effective, whole-school approach to online safety empowers a school to protect and educate pupils, and staff in their use of technology and establishes mechanisms to identify, intervene in, and escalate any concerns where appropriate.

Heath Mount School

3.12.3 The breadth of issues classified within online safety is considerable but can be classified into four risk areas:

- (a) **Content:** being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.
- (b) **Contact:** being subjected to harmful online interaction with other users; for example, peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
- (c) **Conduct:** personal online behaviour increases the likelihood of, or causes, harm: for example, making, sending, and receiving explicit images (e.g., consensual, and non-consensual sharing of nudes and semi-nudes and / or pornography, sharing other explicit images and online bullying; and
- (d) **Commerce:** risks such as online gambling, inappropriate advertising, phishing and / or financial scams.

3.13 **Sharing nude and semi-nude images and videos**

- 3.13.1 Consensual and non-consensual sharing of nudes or semi-nude images and / or videos can be signs that children are at risk.
- 3.13.2 'Sharing nudes or semi-nudes' means the taking and sending or posting of nude or semi-nude images, videos or live streams by young people under the age of 18 online. This could be via social media, gaming platforms, chat apps or forums. It can also involve sharing between devices offline, e.g., via Apple's AirDrop. This is also known as sexting or youth produced sexual imagery. The School treats all incidences of sharing nudes and semi-nude images as safeguarding matters to be actioned in accordance with this policy.
- 3.13.3 Staff should not view any nude or semi-nude images reported to them, or copy, print or share the image under any circumstances. In referring any incident of sharing images, members of staff should describe the content of the images as reported to them.
- 3.13.4 The DSL may, in exceptional circumstances, view images with the prior consent of the Head and only where:
 - (a) this is the only way to determine whether to involve other agencies due to lack of information about its content;

Heath Mount School

- (b) it is necessary to report the image to a website or agency to have it taken down or support the pupil or parents in making a report; or
- (c) a pupil has reported the image directly to a member of staff in circumstances where viewing the image is unavoidable or images have been found on the School's devices or network.

3.13.5 Where viewing an image unavoidable:

- (a) viewing should take place on School premises wherever possible;
- (b) the image should be viewed by a person of the same sex as the person alleged to be shown in the image (where this is known);
- (c) a senior member of staff should be present to monitor and support the person viewing the image. This member of staff does not need to view the image;
- (d) full details of the viewing must be recorded in the School's safeguarding records, including who was present, the date and time. The nature of the image and the reasons for viewing it;
- (e) Any member of staff who views an indecent image should be given appropriate support.

3.13.6 If any device needs to be confiscated (for example, in order to view the image or to pass evidence to the appropriate authority), they should be turned off and locked away securely until they are required.

3.13.7 If any electronic device that is prohibited by the school rules has been seized and the member of staff has reasonable grounds to suspect that it contains evidence in relation to an offence, or that it contains a pornographic image of a child or an extreme pornographic image, the device will be given to the police.

3.13.8 If external agencies do not need to be involved, the School must consider the deletion of any images. Pupils should be asked to delete images themselves and to confirm that this has been done. Members of staff should not search devices to delete images.

3.13.9 If images have been shared online and now cannot be deleted by the person who shared them, the School should consider reporting the images to the relevant web host or service provider (if an option is provided) or contacting the Internet Watch Foundation or ChildLine (if the website does not provide this option).

Heath Mount School

3.13.10 Where a pupil receives unwanted images, the School should advise the pupil and his / her parents of options that may be available to block the sender or to change the pupil's mobile phone number or email address.

3.13.11 The UK Council for Child Internet Safety's Note Sharing nudes and semi-nudes: advice for education settings working with children and young people (2020) contains details of support agencies and provides further information for schools on how to respond to incidents of sexting.

3.13.12 The College of Policing has also produced a briefing note 'Police action in response to youth produced sexual imagery ('sexting')' (November 2016) which provides information on how police forces treat instances of sexting by young persons.

3.13.13 Advice for pupils is available at:

3.8.14 Advice for parents is available at:

<https://www.nspcc.org.uk/preventing-abuse/keeping-children-safe/sexting/>

3.8.15 The Home Office has published Indecent images of children: guidance for young people (2019) to help young people understand the law on indecent images of children and how to navigate the internet confidently and safely within legal boundaries.

3.9 Upskirting

3.9.1 Upskirting typically involves taking photos under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm.

3.9.2 Upskirting is a criminal offence and attempting to commit an act of upskirting may also amount to criminal offence if there was a clear intention to commit the act, but it failed for some reason.

3.9.2 Any instance of upskirting will be treated by the school as a breach of discipline and also a matter to be dealt with under this policy.

3.10 Any images and devices which may have been used in connection with an incident of upskirting will be dealt with in a similar manner to sharing

Heath Mount School

images Sharing nude and semi-nude images and videos (see paragraph 3.13, above)

3.11 Mental Health

3.11.1 Incidences of depression, self-harm and eating disorders have all risen in recent years in the UK and are linked to poor mental health. The School aims to prevent health problems by promoting well-being and resilience as well as raising awareness of and eliminating the stigma attached to mental illness as part of a whole-school response to the social and emotional wellbeing of pupils. The School recognises that when a child has a social worker, it is an indicator that the child is more at risk than most pupils. This may mean that they are more vulnerable to further harm, as well as facing educational barriers to attendance, learning, behaviour, and poor mental health. The DSL is the School's Mental Health Lead. The School has a Head of Wellbeing with responsibility for developing a school wide approach to health and well-being for the entire school community and also employs a qualified counsellor. The following websites provide useful advice for parents and pupils:

<http://www.youngminds.org.uk/>

<http://www.mentalhealth.org.uk/>

3.11.2 Staff can access a range of advice to help them identify children in need of extra support, this includes working with external agencies. More information can be found in: DfE Mental Health and Behaviour in Schools (DfE 2018). Public Health England has produced a range of resources to support school teachers to promote positive health, wellbeing and resilience amongst children.

3.11.3 Any mental health or wellbeing concern is logged on MyConcern and this can be done by any member of staff. This concern is then triaged through the safeguarding team, including the DSL / Mental Health Lead, the School Counsellor and Head of Wellbeing. Once a need for steps to be taken is identified, early help will be implemented, calling upon outside agencies where necessary.

3.12 Domestic Abuse

3.12.2 The statutory definition of domestic violence is based on the previous cross-government definition; it is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence, or abuse between those aged 16 or over who are, or have been, intimate partners of family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological, physical, sexual, financial, or emotional abuse and economic abuse and coercive and controlling behaviour. The Domestic Abuse Act 2021 now recognises the impact of domestic

Heath Mount School

abuse on children, as victims in their own right, if they see hear or experience the effects of abuse.

3.12.3 All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and / or violence can have serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

3.12.4 Further advice on identifying children who are affected by domestic abuse and how they can be helped can be found at Annex B of KCSIE 2021. This includes details of Operation Encompass which operates in all police forces across England, helping schools and police work together to provide emotional and practical help to children.

4. Special educational needs and disabilities or physical health issues

4.1 The School welcomes pupils with special educational needs and disabilities and will do all that is reasonable to ensure that the School's curriculum, ethos, culture, policies, procedures, and premises are made accessible to everyone. See the Learning Support Policy and Accessibility and Equal Opportunities Policy for further details.

4.2 Additional barriers can exist when detecting the abuse or neglect of pupils with a special educational need or disability creating additional safeguarding challenges for those involved in safeguarding and promoting the welfare of this group of children. These children are more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. The School is mindful in particular that:

4.2.1 assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's special educational need or disability without further exploration;

4.2.2 pupils with a special education need or disability can be disproportionately impacted by bullying without outwardly showing any signs; and

Heath Mount School

4.2.3 there may be communication barriers which are difficult to overcome to identify whether action under this policy is required.

5 **Looked after children and previously looked after children**

5.1 The DSL has the skills, knowledge and understanding to ensure that looked after children are kept safe and that the relevant staff have the information they need in relation to a child'

Heath Mount School

Appendix 3 Concerns about a child - guidance for staff Receiving a disclosure

- 1.1 A member of staff or volunteer suspecting or hearing a complaint of abuse or neglect:
 - 1.1.1 must listen carefully to the child and keep an open mind. The member of staff should not take a decision as to whether or not the abuse has taken place;
 - 1.1.2 must not ask leading questions, i.e., a question which suggests its own answer;
 - 1.1.3 must reassure the child but not give a guarantee of absolute confidentiality. The member of staff should explain that they need to pass on the information in accordance with this Policy so that the correct action can be taken; and
 - 1.1.4 must keep a sufficient written record of the conversation. The record should include:
 - (a) the date and time;
 - (b) the place of the conversation and
 - (c) the essence of what was said and done by whom and in whose presence.

It must be signed by the person making it, using names and not initials.

- 1.2 All other evidence, for example, scribbled notes, mobile phones containing text messages, clothing, and computers, must be kept securely with the written record (see below), and passed on when reporting the matter in accordance with this Policy.

2 Recording the concern

- 2.1 Staff must record all concerns about a child in writing.
- 2.2 Records should be factual and signed and dated, with the name of the signatory clearly printed in writing. Records should include:
 - 2.2.1 the child's details: name, date of birth, address, and family details;
 - 2.2.2 date and time of the event / concern;
 - 2.2.3 the action taken and by whom;
 - 2.2.4 the name and position of the person making the record.
- 2.3 The School has a child protection logging system on MyConcern which should be used when reporting matters in accordance with this Policy. Staff without internet access must report in person immediately to the DSL

Heath Mount School

/ DDSL, or their line manager who will support them in reporting their concern. The formal written record can be completed after an initial discussion with the DSL and completed with the DSL where appropriate.

- 2.4 Where the allegation is made by an adult, the DSL will ask for a written and signed statement from that person and inform them that their evidence may be passed to a third party. If, after due consideration, the DSL decides to pass the information to an outside agency in accordance with this policy, the DSL will contact the disclosing party (unless the DSL is advised otherwise by that agency) to inform them of this and that they should expect further contact from the agency.

3 Use of reasonable force

- 3.4 There are exceptional circumstances when it would be appropriate for staff to use reasonable force to safeguard pupils. 'Reasonable' in these circumstances means using no more force than is needed.
- 3.5 Staff should refer to the School's Behaviour and Discipline policy and the Staff code of Conduct for more detailed guidance on the use of reasonable force.

Heath Mount School

Appendix 4 Dealing with allegations of peer-on-peer abuse / child on child abuse

1. Victims will be reassured that they will be supported and kept safe so that no victim will be given the impression that they are creating a problem by reporting abuse, sexual violence or sexual harassment and no victim will ever be made to feel ashamed for making a report.
2. The School understands that children of any age can abuse other children (often referred to as peer-on-peer abuse) and this can happen inside and / or outside school and / or online and that it can impact their progress at school. This includes, but is not limited to:
 - 2.1. Bullying, including cyber-bullying and prejudice-based and discriminatory bullying;
 - 2.2. Abuse in intimate personal relationships between peers;
 - 2.3. Physical abuse such as hitting, kicking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates and / or encourages physical abuse);
 - 2.4. Sexual violence such as rape, assault by penetration and sexual assault (including grabbing bottoms, breasts, or genitalia under or over clothes, flicking bra, unwanted kisses or embraces) possibly with an online element which facilitates, threatens and / or encourages physical violence;
 - 2.5. Sexual harassment such as sexual comments, remarks, jokes, and online sexual harassment, which may be standalone or part of a broader pattern of abuse;
 - 2.6. Causing someone to engage in sexual activity without their consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third-party;
 - 2.7. Consensual and non-consensual sharing of nude and semi-nude images (also known as 'sexting' or 'youth produced sexual imagery') means the taking and sending or posting of nude or semi-nude images, videos, or live streams by young people under the age of 18 online. This could be via social media, gaming platforms, chat apps or forums. It can also involve sharing between devices offline, for example via Apple's AirDrop;
 - 2.8. Upskirting, typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress, or alarm.
 - 2.9. Initiation / hazing type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may include an online element.

Heath Mount School

3. The School's approach to peer-on-peer abuse

- 3.1. Such behaviour is never acceptable and should be considered a safeguarding issue and potentially a disciplinary one. The School is committed to the prevention, early identification, and appropriate management of peer-on-peer abuse as defined above. The School will adopt a zero-tolerance approach to abuse. Downplaying certain behaviours (by, for example, dismissing sexual harassment as 'banter', 'having a laugh' or 'part of growing up' can lead to a culture of unacceptable behaviours, an unsafe environment for children and at its worst, to a culture that normalises abuse.
- 3.2. The School recognises that, even if it has no reported cases of peer-on-peer abuse, such abuse may still be taking place and is simply not being reported.
- 3.3. The School actively seeks to raise awareness of and prevent all forms of peer-on-peer abuse by:
 - 3.3.1. Educating the whole-school community about this issue and how to prevent, identify and respond to it;
 - 3.3.2. Emphasising the importance of taking seriously all forms of peer-on-peer abuse no matter how 'low level' they may appear and ensuring that no form of peer-on-peer abuse is ever dismissed as horseplay or teasing;
 - 3.3.3. Educating pupils about online safety and social media, including how to encourage children to use social media in a positive, responsible, and safe way, and how to enable them to identify and manage abusive behaviour online;
 - 3.3.4. Working with the whole-school community to address equality issues, promote positive values, and to encourage a culture of tolerance and respect amongst all members of the School community;
 - 3.3.5. Ensuring that all peer-on-peer abuse issues are fed back to the DSL so that he can spot and address any concerning trends and identify pupils who might need additional support.
- 3.4. All staff should challenge inappropriate behaviour between pupils and anyone who suffers, witnesses, or hears of abuse of any form between pupils is asked to report it in accordance with this policy and the School's Behaviour and Discipline policy and Anti-bullying policy so that appropriate action can be taken. Staff should not wait for a child to make a disclosure, they should act on any concern immediately.
- 3.5. Appropriate action will involve supporting all members of the School community who may be involved as a priority. This may necessitate investigation by the School or other agencies. Until investigations have been completed and findings made, the School will proceed on the basis that the allegations may or may not be true and undertake a careful risk assessment of the welfare of those involved to determine how to best manage the situation. This should be undertaken whether

Heath Mount School

or not the incident is alleged to have occurred at school. Disciplinary action will follow separately, if appropriate.

4. **Sexual violence and sexual harassment (SVSH)**

- 4.1. Where misconduct may constitute sexual violence (rape, assault by penetration, sexual assault or causing someone to engage in sexual activity without consent) or sexual harassment (unwanted conduct of a sexual nature), it should be reported to the DSL and dealt with under this policy. SVSH is never acceptable.
- 4.2. SVSH can occur between two or more children of any age from primary to secondary stage. It can also occur online. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. It is important to address any inappropriate behaviour, even if it seems innocuous. This can help prevent problematic or inappropriate behaviour in the future by setting and enforcing clear expectations of behaviour, supporting victims, and encouraging them and others to speak out, facilitating targeted support for those demonstrating harmful sexual behaviour.
- 4.3. Staff should be aware that some groups are potentially more at risk. Evidence shows that girls, children with SEND and LGBT children are at greater risk and that boys are more likely to be perpetrators.

5. **Management of allegations of child-on-child SVSH**

- 5.1. The School recognises that it is not easy for a child to tell staff about abuse. Staff are trained in signs of abuse and required to look out for them and act upon them, and to respond to all reports of abuse, however, they are reported and whether they are made by the victims directly or by third parties.
- 5.2. The initial response to a report is incredibly important. How the School responds can encourage or undermine the confidence of future victims of SVSH to report. Not recognising or downplaying some behaviours can lead to a culture of unacceptable behaviour. Staff are trained in how to receive a report.
- 5.3. Staff should follow the same procedures in this policy and at Appendix 4 when receiving an initial report. If in doubt, speak to the DSL.
- 5.4. Reports of SVSH are often complex and further disclosures may follow. Facts may be difficult to establish. Decisions need to be made on a case-by-case basis taking all the circumstances into account, in the best interests of the pupils involved. The School's response is led by the DSL who will always have regard to Part 5 of KCSIE and the more detailed DfE guidance: Sexual violence and sexual harassment between children in schools (2021) in the management of the issue.

Heath Mount School

Appendix 5 Dealing with allegations against teachers, the Head, Governors, volunteers, contractors and supply staff

1 The School's procedures

- 1.1 The School fosters an open and transparent culture working in or on behalf of the school in which all concerns about any member of staff are dealt with promptly and appropriately, whether they are low level concerns or constitute an allegation that a person poses a risk of harm. All references to 'staff' in this section includes staff, Governors, supply staff, volunteers and contractors unless otherwise stated.
- 1.2 By doing this, the School aims to identify concerning or inappropriate behaviour early in order to minimise the risk of abuse, support all those affected and inform members of staff of any behaviour which could be deemed inappropriate or crossing professional boundaries so that they can reflect on and learn from this.
- 1.3 The School's procedures for dealing with two levels of allegations made / concerns raised about staff. These cover:
 - 1.3.1 Allegations / concerns that do not meet the harm threshold: 'low level concerns';
 - 1.3.2 Allegations that may meet the harms threshold.

2 Low level concerns

- 2.1 The School recognises the importance of creating a culture in which all concerns about adults (including allegations that do not meet the harm threshold) are shared responsibly with the right person and recorded and dealt with appropriately. Ensuring they are dealt with effectively should also protect those working in or on behalf of the School from potential false allegations or misunderstandings.
- 2.2 The term 'low level concern' does not mean that the concern is insignificant, it means that the behaviour towards a child does not meet the harm threshold. It is critical that low level concerns are shared within a culture of openness, trust and transparency in which the Schools values and expected behaviour set in the staff code of conduct are constantly lived, monitored and reinforced by all staff.
- 2.3 The School encourages all staff to report any concern even if it is one which no more than causes a sense of unease or a 'nagging doubt' that an adult working in or on behalf of the School may have acted in a way which is:

Heath Mount School

- 2.3.1 inconsistent with the Staff Code of Conduct, including inappropriate conduct outside of work and;
- 2.3.2 Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.
- 2.4 These behaviours can exist on a wide spectrum, ranging from the inadvertent or behaviour that may look inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse. Such behaviour may include, but is not limited to:
 - 2.4.1 Being over friendly with children;
 - 2.4.2 Having favourites;
 - 2.4.3 Taking photographs of children on their mobile phone;
 - 2.4.4 Engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or
 - 2.4.5 Using inappropriate sexualised, intimidating or offensive language.
- 2.5 All staff are encouraged to self-refer where they may have found themselves in a situation which could be misinterpreted, might appear compromising to others and / or on reflection they believe they have behaved in a way they consider may fall below the expected standards.
- 2.6 Low level concerns about a member of staff should be reported to the Head without delay so that they can be recorded and dealt with appropriately, sensitively and appropriately in a timely manner. Where a low-level concern is raised about the Head, it should be referred to the Chair of Governors. Low level concerns about someone employed by a supply agency or contractor should be shared with the Head, the concern recorded, and their employer notified so that potential patterns of inappropriate behaviour can be identified.
- 2.7 If a concern is raised by a third party, the Head will collect as much evidence as possible by speaking to the person who has raised the concern (if known), to the individual involved and any witnesses. The concern will be recorded in accordance with this policy, in the usual way.
- 2.8 The School will address unprofessional behaviour at any early stage and will support an individual to address it.
- 2.9 The Head will usually share his concern with the DSL (or DDL), and they will consider whether the concern is a low-level concern - one which does not meet the allegations threshold set out in this Appendix or is otherwise not

Heath Mount School

considered sufficiently serious to warrant a referral to the DO, or whether it is sufficiently serious to meet the harm threshold.

- 2.10 All concerns about a member of staff should be shared responsibly with the right person, recorded, and dealt with appropriately. In most cases, an investigation and a discussion will take place with the person raising the concern and the person about whom the concern has been raised. The information gleaned from these steps will help categorise the type of behaviour and determine what further action may need to be taken.
- 2.11 All reports about supply staff and contractors will be notified to their employers by the Head, so any potential patterns of inappropriate behaviour can be identified.
- 2.12 All low-level concerns will be recorded in writing. The record will include details of the concern, the context within which the concern arose, and the details of the action taken. The name of the reporting individual should also be included, unless they have asked to remain anonymous, which will be respected as far as reasonably possible. The information will be retained until a member of staff leaves the School, at which point any record of low-level concerns that may be kept about an individual will be subject to specific review in terms of:
 - 2.12.1 Whether some or all of the information contained within any record may have any reasonably likely value in terms of any potential historic employment or abuse claim so as to justify keeping it, in line with normal safeguarding records practice; or
 - 2.12.2 If, on balance, any record is not considered to have any reasonably likely value, still less actionable concern, and ought to be deleted accordingly.
- 2.13 The School will also reflect on reported concerns in order to identify any patterns of concerning, problematic or inappropriate behaviour which may indicate an unacceptable culture, or any weaknesses in the school's safeguarding systems which may require additional training or modified policies. Where a pattern is identified, the School will decide on a course of action, either through its disciplinary procedures, or, where the pattern moved from a concern to meeting the harm threshold, it will follow the above procedure and refer the matter to the DO. The rationale for all decisions and actions will be recorded. The School will consider if any wider cultural issues in school enabled the behaviour to occur and if appropriate policies could be revised or extra training delivered to minimise the risk of recurrence.

Heath Mount School

2.14 Low level concerns should not be included in staff references unless they relate to issues which would normally be included, e.g.: misconduct or poor performance. Those that relate specifically to safeguarding should not be referred to unless they meet the threshold for a referral to the DO and are found to be substantiated.

2.15 **Allegations that meet the harm threshold**

2.15.1 Allegations that may meet the harm threshold are those that might indicate a person would pose a risk of harm if they continue to work in their present position, or in any capacity with children in the school, for example, where a member of staff has: behaved in a way that has harmed a child, or may have harmed a child; and / or

2.15.2 possibly committed a criminal offence against or related to a child; and / or

2.15.3 behaved towards a child or children in a way that indicates he or she would pose a risk of harm if he or she works regularly or closely with children. This includes behaviour that may have happened outside school and creates a transferable risk.

2.16 behaved or may have behaved in a way that indicates they may not be suitable to work with children. Any allegations not meeting these criteria will be dealt with in accordance with the HSCP procedures. Advice from the DO will be sought in borderline cases.

2.17 All such allegations will go to the Head and must be dealt with as a priority without delay. The DO(s) will be informed immediately and in any event within one working day of all allegations that come to the School's attention and appear to meet the criteria in paragraph 1.1 above.

2.18 Allegations against a teacher who is no longer teaching and historical allegations will be referred to the Police.

3 **Reporting an allegation**

3.1 Where an allegation or complaint is made against any member of staff (other than the Head), the DSL or a volunteer, the matter should be reported immediately to the Head or in his absence, the Chair of Governors. The allegation will be discussed immediately with the DO(s) before further action is taken. Where appropriate, the Head will consult with the DSL.

3.2 Where an allegation or complaint is made against the Head, the matter should be reported immediately to the Chair of Governors or the Nominated Safeguarding Governor, without first notifying the Head.
